

## Sharing God's Word – Our Mission Grows

Dear Friends of Catholic Radio:

What a year this has been for Catholic Broadcasting Northwest. Through God's many graces, a lot of prayer, and your generosity, we have expanded our faith-filled broadcast to the Eugene-Springfield-Cottage Grove region. What blessings!

**Our radio signal now stretches from southwest Washington to the southern Willamette Valley on KBVM and KMME.** Who would have believed 22 years ago when our limited signal first went on the air to broadcast the Rosary, we would today be reaching millions of people with a Catholic message of hope and salvation.

Despite this miraculous growth, we are proud of keeping our costs low, working with a small staff and dozens of volunteers.

We are dependent solely on individuals and foundations to meet the \$800,000 annual cost of our life-changing programs. Now, with our expanded signal, we need more than ever to count on you and other friends for support.

Will you consider a year end, tax-deductible donation of \$2,500, \$1,000, \$500, \$250, \$100 or \$50?

Also, you can support KBVM / KMME through other tax saving strategies such as gifts of stock, the donation of a used vehicle, or including KBVM / KMME in your estate planning.

What ever you choose to do, you are helping Catholic Broadcasting Northwest continue to be one of the strongest evangelization voices in our region.

Thank you for your support of Catholic Broadcasting Northwest. I wish you a very blessed Advent and Christmas season. You are in our prayers.

Yours in Christ,

Tony Galati  
Executive Director
